

"WOW! Marlon and I are completely in awe of how amazing Levi did on our Engagement shoot!"

The feedback was amazing! The way everything came out was truly magical and watching it made us feel like we were watching ourselves in a movie trailer. It was romantic and fun. He was kind, patient, and had such great talent we decided to use Three23 Productions for our wedding. Loved every bit of it and we can not wait to see what he will do with capturing our wedding day. © 2023
